

Did you know?

An average baby will need changing 5000 times.

By using real nappies you can:

- save up to £500, even with washing costs
- reduce the amount of waste that goes into landfill – in one year alone a baby can fill 12 wheelie bins with disposable nappies

Leeds City Council is offering you an incentive to switch – either a **free trial pack** of two popular nappies to try out, or **£30 cash back** if you have already decided to go for it!

For more details and a downloadable form see www.leeds.gov.uk/nappy, call **0113 395 0778** or email info.recycling@leeds.gov.uk.
