### Harehill's / St Wilfrid's 20mph Zone Statement of Reasons

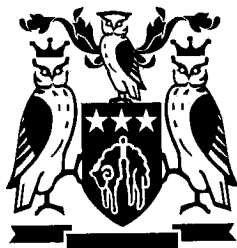

The St Wilfrid's area of Harehills was identified by the 'Zones for Concern study 2008' as an area that would benefit from the implementation of a 20mph zone. The area ranks high on the list and has a high number of injury accidents per km of road length. A number of these accidents have resulted in child or pedestrian casualties, which would see the greatest reduction from this type of treatment.

The Highway Authority seeks to restrict the speed of vehicles within the proposed Zone by implementing a 20mph Zone with traffic calming measures. The reduction in vehicle speed will reduce the risk of accidents and the number and severity of injuries.

The proposed Order would introduce:

- A 20mph Zone on all roads falling within the boundary formed by:
  - Harehills Lane to the west and south;
  - Foundary Approach to the south;
  - Oak Tree Drive to the south and east;
  - Amberton Road to the east and north;
  - Easterly Road to the north.
